

FYFEWEB EXPORT CONTROL POLICY

IMPORTANT NOTICE ABOUT PERSONAL LIABILITY FOR PROHIBITED EXPORTS OF FYFEWEB PRODUCTS AND SERVICES

Our products and services may contain dual-use items or encryption features that make it an offence for you to do certain things with it, even inadvertently. Ignorance of these rules does not reduce your personal liability. Therefore, please read the following guidelines carefully before accepting use of the products and services.

You may not 'export' our products and services to person(s), organisation(s) or countries listed on US, UK & EU Export Control Lists. Countries currently include: (a) Cuba; (b) Iran; (c) Myanmar; (d) North Korea; (e) Russia; (f) Sudan; (g) Syria.

PROHIBITED PERSON(S), STATE(S) AND/OR ORGANISATION(S)

Additionally, our services or software cannot be used by the following people, states or organisations:

(REPUBLIC OF) BELARUS:

- Persons undermining democratic processes or institutions (including President Alexander Lukashenko and other officials).

DEMOCRATIC REPUBLIC OF THE CONGO:

- Persons contributing to the conflict in the Democratic Republic of the Congo

FORMER YUGOSLAVIA:

- Persons who threaten international stabilisation in the Western Balkans and some states of the former Yugoslavia.

(REPUBLIC OF) IRAQ:

- Specific individuals and entities associated with the former Saddam Hussein regime
- Persons who have committed, or pose a significant risk of committing acts of violence that threaten the peace or stability of Iraq or the Government of Iraq or undermine efforts to promote economic reconstruction and political reform in Iraq or make it more difficult for humanitarian workers to operate in Iraq.

(REPUBLIC OF) LEBANON:

- Persons who undermine the sovereignty of Lebanon or its democratic processes and institutions

(STATE OF) LIBYA:

- Persons associated with former leader Muammar Gaddafi's regime

RUSSIAN FEDERATION:

- Persons believed to be responsible for the detention, abuse, and death of any person and other reported violations of human rights in Russia
- Persons believed to be responsible for the handling, development, transportation or use of chemical or biological weapons
- Persons who undermine the peace, security, stability, territorial integrity and the democratic processes and institutions of Ukraine and persons administering areas of Ukraine without central government consent, and all Russian Governmental Officials

(FEDERAL REPUBLIC OF) SOMALIA:

- Persons contributing to the conflict in Somalia.

UKRAINE:

- Persons who undermine the peace, security, stability, territorial integrity and the democratic processes and institutions of Ukraine. Also, persons administering areas of Ukraine without central government consent, also a number of senior Russian Officials close to President Vladimir Putin.

(BOLIVARIAN REPUBLIC OF) VENEZUELA:

- Government officials linked to the 2014–15 Venezuelan protests and those who the US government alleges have committed human rights violations

YEMEN:

- Persons who threaten peace, security, or stability in Yemen.

(REPUBLIC OF) ZIMBABWE:

- Persons who undermine democratic processes or institutions in Zimbabwe, including a number of Government Officials.

THIS LIST IS SUBJECT TO CHANGE. IT MAY BE UPDATED FROM TIME TO TIME, SO PLEASE VISIT THE APPROPRIATE UK, USA & EU EXPORT CONTROL LIST(S) AND WEBSITES.

This prohibition on 'exports' means you may not send the software itself to such countries but it also means you may not carry your own personal computer containing this software into or through such countries. Anywhere in the world, even inside the UK, US or EU, you may not transfer this software (or a computer containing this software) to certain persons or organisations or companies listed on all the respective Denied Parties List. Such a transfer is a "deemed export" subject to international Export Administration Regulations & Legislation. Do not deliver or transfer this software or a personal computer containing this software to a national or resident of a foreign country anywhere in the world without first checking the appropriate export control lists.
